

Camden House

Alternative Parking

When parking is restricted at Camden House there are plenty of local on street parking opportunities all within a couple of minutes' walk. **Please do not double-park on the Camden House site under any circumstances.**

If you travel up the main street towards the town centre the first right turn is Clarke's Avenue.

If you travel further round the roundabout and take Birches Lane followed by an immediate left turn you are on Farmer Ward Road. If you park on here it is best to travel a little way down the road first.

Alternatively take either the first right (Walnut Tree Close which is a cul-de-sac) or second right Hermitage Way and there are parking opportunities here.

You can also take the first right turn off Birches Lane which is Ferndale Drive and there may be space available there.
